WESTERN ENVOYS AWAIT INSTRUCTION

LONDON, Aug. 14.—British Foreign Secretary Ernest Bevin conferred with experts on Germany today and reports that the Moscow negotiations are at their most critical point.

Diplomatic circles speculated that Soviet Foreign Minister Molotov has laid down Russia's final terms for a settlement of the Berlin crisis and indicated there will be no more bargaining.

Bevin, giving up his usual weekend in the country, conferred with the British military commander in Germany, Lieut. Gen. Sir Brian Robertson, who was summoned yesterday from Berlin. It was reported that they discussed Molotov's terms, which the west must now accept or reject.

Three-Power Conference

U. S. Deputy Military Governor Maj. Gen. George P. Hays, and French Deputy Military Governor Maj. Gen. R. J. Nistrat also arrived in London for three-power conferences which may result in decisions of the highest diplomatic importance.

The exact status of the Moscow talks remains shrouded in secrecy, but speculation is that Russia is demanding complete control over Berlin currency, while the west is holding fast to its demand for equality.

Aviation Instructions

Meanwhile, the western ambassadors in Moscow awaited new instructions, which will probably emerge from the present London conferences, before scheduling another meeting with Molotov.

The foreign office continued to refrain from commenting on the current status of the negotiations.

But typical of the London reaction to the conferences now taking (Continued on Page Two)

Pa Newc Observes

Numerous states of the U. S. use the auto license tag to get in a new tag for their state. On a New license tag seen on a parked car, Friday, in addition to the date, number and state, was the following: "Land of Enchantment."

Out along the Palatka road, recently, Pa Newc was obliged to halt his auto, while four young pheasants, leisurely sauntered across the road in front of him.

New signs have been erected at the entrances to the city by the New Castle Lions club, giving time of meetings, etc. Rotary club signs also adorn most of the same locations.

Another of the older residences in the city, a double frame structure on North Mill street, near Falls, is being torn down.

In visiting the downtown section of the city on Friday evening, at several of the important intersections it was observed that a good deal of glass fragments were strewn on the streets from recent minor auto crashes. The glass is picked up by unsuspecting motorists and sooner or later finds its way into the tire.

Time Limit On Palestine Truce Asked By Israel

By PIERRE J. NUSS
(I. N. S. Staff Correspondent)

LAKE SUCCESS, N. Y., Aug. 14.—Israel's spokesman at the United Nations launched a vote today to have a time limit set on the Palestine truce.

In a statement by the Israeli government circulated to U. N. delegates, the Israeli spokesman asserted:

"The provisional government of Israel urges, as an incentive to early peace, the fixing of an early time limit for the present truce by which either peace must be concluded or invading armies leave on the understanding that the provisional government of Israel would, failing either, thereafter be free to seek a way out of the impasse by its own action."

"The Latrun attack on the Jerusalem water supply station is a clear demonstration of the untenability of the present position. None of the problems created by this war can be solved within the framework of the truce."

The Security Council, however, declined to be stampeded into intervention either on behalf of Israel or the Arab states. Before adjourning late yesterday, the Security Council agreed to instruct Count Folke Bernadotte to take all necessary steps to insure the Jerusalem water supply.

Car Goes Over Embankment At State Street Hill

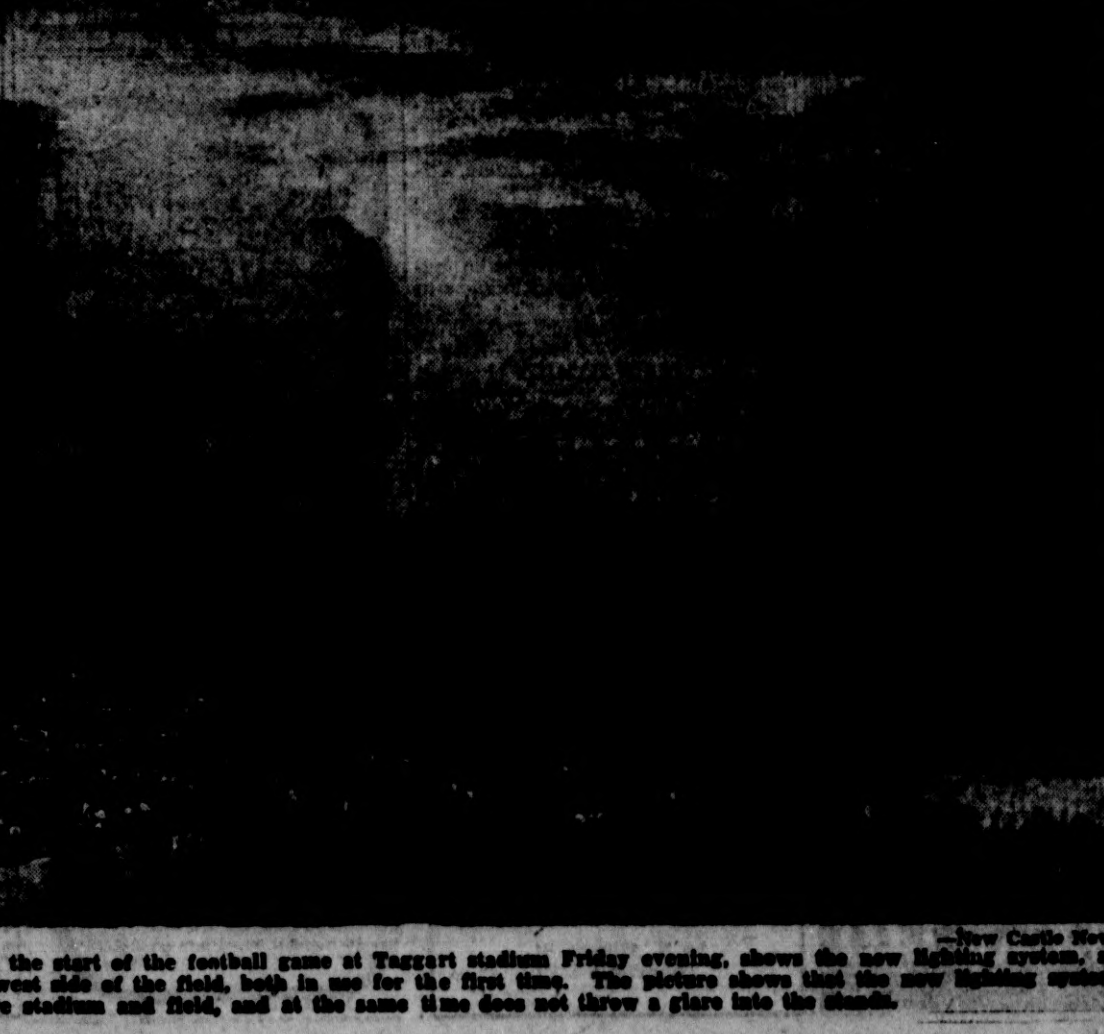

When an auto operated by Thomas J. Clark, Jr., of Edenburg, crashed down a 15-foot embankment on the south side of State street hill at 11:55 a. m. today, Clark escaped injury but his car and the fence of the Elijah Doster property, 1011 State street, were damaged, according to police.

According to police, Clark was driving down the State street hill and, at the turn, attempted to pass a truck operated by Harry Zurasky, R.D. 1, which was also traveling east.

Another truck, going west, was ascending the hill and, as a result, Clark's auto was crowded against Zurasky's truck, after which it careened, the brakes locked, Clark lost control and the car plunged over the embankment.

It travelled about 15 feet down the embankment, then crashed into the Doster fence, the police report, causing damage to it and the car.

Babe Ruth Holds Own Is Report

NEW YORK, Aug. 14.—(INS)—Babe Ruth continued to hold his own today after a comfortable rest last evening.

The former home run king, dangerously ill in Memorial Hospital, managed a weak smile of pleasure when told of various tributes that had been paid to him.

In addition to messages from President Truman, Francis Cardinal Spellman and many fans all over the nation, spectators at various major league baseball games last night observed a minutes of silence in unspoken prayer for the Babe's recovery.

Key Soviet Citizens In U.S. Trek Homeward

NEW YORK, Aug. 14.—(INS)—A wholesale "movement" of key Soviet citizens from the United States to Russia was reported today by the New York Times Mirror.

The Mirror said the "back to Russia" movement, involving hundreds of top-ranking engineers and technicians, has been under way for the past several months.

The paper continued:

"The 12 teachers of Soviet diplomats' children ordered back to the USSR aboard the steamer Pobeda make up only a small part of the legions departing."

The Mirror said the teachers were typical, however, because the exodus involves principally those Russians who have been in the United States for any length of time.

Mrs. Oksana Kosenkina and Mikhail Samarin and his family, along with the other instructors, had been in this country for two years or more, the paper pointed out.

The report concluded:

"Actually this trek back to the USSR began two months ago—soon after the disclosure that Russian freighters were loading war materials and heavy industrial machinery on a shuttle schedule."

"Since that time incomplete reports disclose that many more than 500 Russians have left for home. Women and children, families of these 'key figures' are going home too."

May Be Three Months Before She Can Appear

Woman In Hospital From Consulate Leap Accepts Subpoena Today

TECHNICAL WARD OF U. S. IN FUTURE

(BULLETIN)

NEW YORK, Aug. 14.—(INS)—A double mantle of security was thrown around Mrs. Oksana Kosenkina today when she was served with a congressional subpoena, making her a technical ward of the United States government.

The 32-year-old Russian school teacher, under heavy police guard at the Roosevelt hospital, accepted a notice to appear before the home un-American activities committee as soon as she is able.

Protection of U. S. Government

The document was given to her by the committee's chief investigator, Robert Stripling, who explained that while she is under call to appear before the home group she is accorded full protection of the federal government.

Stripling said that Mrs. Kosenkina told him she has no objections to testifying as soon as she recovers from the serious injuries she sustained in leaping to freedom from the Soviet consulate Thursday afternoon.

Her doctor said yesterday it may be three months before she can leave the hospital.

Sight Wreckage Of Missing Navy Plane On Pacific Island

GUAM, Aug. 14.—(INS)—The burned wreckage of a U. S. Navy plane, which had been missing with 12 men aboard, was found today on a 1,500-foot cliffside on Rota Island, a few miles north of Guam.

Two sky train aircraft, carrying doctors and hospital corpsmen, were dispatched to Rota to render aid to any possible survivors.

There was no indication however that any of the ill-fated plane's 10 crewmen and two paratroopers had survived.

The craft took off from Guam early Wednesday on a weather observation flight.

Mrs. Kosenkina was brought directly under the committee's protection this morning when chief committee investigator Robert E. Stripling served a subpoena on her at the hospital.

The "stand-by" subpoena, signed by Rep. Thomas (D) N. J., committee chairman, directed Mrs. Kosenkina to keep herself available for possible questioning later by the home group.

New York police, meanwhile, were reported to have a statement that Russia's ambassador to Washington visited the New York consulate and tried to obtain an affidavit from Mrs. Kosenkina that she was not back there by force.

The survey, Alexander S. Panayushkin, was reported unsuccessful in his mission.

Detained Against Will

Mrs. Kosenkina told police of Panayushkin's visit in a bedside interview during which she revealed she had been detained against her will, it was reported.

Stripling said he didn't see "any reason why the chairman's subpoena" when he detained Mrs. Kosenkina from Washington.

"This subpoena," he said, "automatically will place Mrs. Kosenkina in protective custody."

Asked whether the subpoena would place Mrs. Kosenkina in physical custody of the committee, Stripling said:

"That will have to be worked out later."

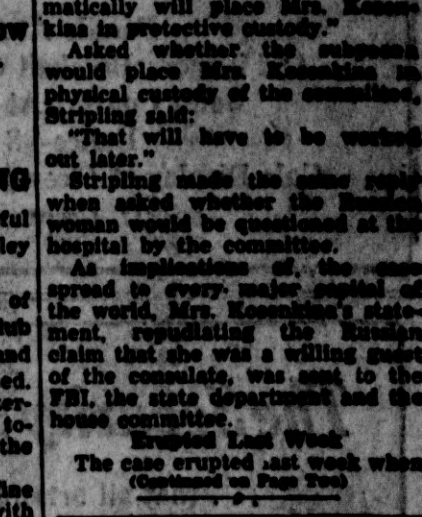

Stripling made the same reply when asked whether the Russian woman would be questioned at the hospital by the committee.

As implications of the case spread to every major capital of the world, Mrs. Kosenkina's statement, repudiating the Russian claim that she was a willing agent of the consulate, was sent to the FBI, the state department and the house committee.

Danube Parley Is Nearing End

Russia's Majority Steam-Bollers Attempts Of Western Powers For Action

By KINGSBURY SMITH

BERGRADE, Aug. 14. — The Russian-dominated Belgrade conference on Danube navigation neared its end today and the Soviet bloc rode rough-shod over feeble western opposition.

Russia's seven-vote majority steam-bollers attempted to force the United States, Britain and France to reject two main articles of the Russian draft treaty which would give the Soviets iron-grip control of Danube shipping.

Today's session was marked by a clash between Britain's Sir Charles Peake and Romania's Foreign Minister Ana Pauker on what constitutes imperialism.

Peake described the Russian draft as "a chosen instrument of Soviet imperialism." He pointed out that for centuries Britain has granted foreign ships equality in trading rights at British ports whereas under the proposed Danube pact the Soviets will enjoy monopolistic control and will be able to bar any foreign ships they wish.

"The western powers have been attached to this conference as imperialistic reactionaries in contrast to the democratic progressive nations of eastern Europe."

"I ask which—the shipping policy of Britain or the proposed Soviet Danube agreement—an imperialism, and which represents a free, democratic, progressive policy."

The new convention which will perpetuate Soviet monopolistic control over Danube shipping is expected to be adopted by the conference Tuesday or Wednesday.

It is now considered unlikely—although not impossible—that the British and French will walk out of the parley in protest to Soviet steam roller tactics because of restraining pressure from London and Paris.

There are strong indications that the American delegation will not walk out of the parley before a final vote is taken on the British and French take the lead.

Paris was established as the capital of the united German empire in 1971.

OVER 12,000 GUARDSMEN AT INDIANTOWN GAP

plus motor convoys were pressed into service to transport men and equipment of the second encampment of the PNG since World War II.

Officers in Charge
The men will train under the watchful eye of Maj. Gen. Daniel E. Strickler, of Lancaster, 35th Division commander, and Brig. Gen. Frank A. Weber, of Beaver Falls, state adjutant general.

The reservation has been named "Camp Charles B. Smathers" in honor of the late major general who died at Grove City eight years ago. The PNG names each encampment after a deceased general officer.

In preparation for the arrival of troops, 300 cooks and helpers began refresher courses at Indian town four days ago.

Review On August 23
One of the highlights of the encampment, which will end August 26, will be review of all troops August 23 in honor of Gov. James H. Duff, commander-in-chief of the peacetime army.

Participating units will be the 25th Division, X Corps Artillery, non-divisional troops of the 51st AAA Brigade and the state staff. A flight of airplanes from the PNG's air wing will maneuver overhead during the parade. Joining Duff and ranking officers will be U. S. Sen. Edward Martin, of Washington, retired major general and 38th commandant.

During the Indian town encampment, approximately 3,000 anti-aircraft troops from the AAA brigade, commanded by Maj. Gen. Charles C. Curtis, of Allentown, will participate in gunnery at Camp Pendleton, Va., on the shore of the Atlantic Ocean.

LOCAL GUARD UNITS READY TO BEGIN TRAINING AT CAMP

(Continued from Page One)

promises to be a strenuous one, but there will be a lot of fun thrown in during the meantime.

The only thing the boys were hopeful for was good weather. There is nothing to dampen the spirits of camp life like rainy weather, but with the weather of the past two weeks unusually wet, the officers and men of the 229th were of the belief that this rainy spell is about over, and that the next two weeks will be warm and sunny.

Quite a number of friends and relatives gathered at the B. and O. station on Division street to see the men off, and the departure was made without incident. A larger crowd would probably have been on hand except for the all-star football game at Taggart Stadium, only a few blocks away.

Plans are changed
Plans in the matter of attire were changed at the last minute. It had originally been intended that the men would wear their dress uniforms, but these plans were changed, and the men left wearing their "fatigue" uniforms, namely khaki-colored denim.

The baggage and equipment had been loaded earlier in the day, and all that remained to be done after arrival at the train was to dig out one's berth and get settled for a restful ride as soon as the train pulled out. The men went in Pullmans, so that they would be fairly well rested for today's activities on arrival.

Sunday, August 22, will be Governor's Day at Indian town Gap. When Governor Duff will review the Division, and members of the local governing board, and quite a few other people are expected to be on hand for the occasion.

MAY BE THREE MONTHS BEFORE SEE CAN APPEAR

(Continued from Page One)

the Russian consul held a news conference at which he told of attempts to "kidnap" Mrs. Kosenko and prevent her from returning to Russia.

Thursday afternoon, Mrs. Kosenko leaped from a third-floor window of the consulate and later announced she had been "kept prisoner" by the consul general.

Federal and New York prosecutors together are working to uncover all circumstances prior to the plunge.

Mayor William O'Dwyer late Friday ordered all police data turned over to the U. S. attorney general. This action, combined with reports of a "federal interest" in the case, immediately prompted speculation of possible kidnapping charges against Jacob Lomakin, the consul general, and members of his staff.

These developments came a few hours after the middle-aged widow dramatically accused consular officials of holding her prisoner in the mid-Manhattan building from which she jumped.

Parishoners and church committee of St. Joseph's church, will tender a farewell to Rev. Fr. Francis C. Streiff, pastor of the church, on Tuesday evening, at 8:30 o'clock at the Ecclesian club.

Father Streiff has received his official notice of his transfer to St. Joseph's church, Northside, Pittsburgh, to be effective Thursday, August 18.

For the past seven years he has been the pastor of St. Joseph's church and has guided the parishoners spiritually and it is with regret that he takes leave from his church and friends here. It can be said that Father Streiff has done an excellent "job" here, for today St. Joseph's is one of the outstanding Catholic parishes in the city.

During the length of his stay here, he has acquired a large circle of friends. And it is for all these that Tuesday evening's farewell is being held. Father Streiff has been active in many civic and community affairs, and during the war he offered his services on many of the various committees organized.

Succeeding Fr. Streiff here at St. Joseph's church, will be Rev. Fr. Cornelius H. Becker, of St. Vincent de Paul church, Leisensburg, Fayette county. His duties will also begin on Thursday, August 19.

Surprise Move Is Made To Keep Peron Ruling Argentina

BUENOS AIRES, Aug. 14.—(INS)—A surprise parliamentary move paved the way today for perpetuation of President Juan D. Peron's "strong man" rule over Argentina. Taking advantage of the recent

mass withdrawal of opposition deputies from the chamber, Peron's supporters introduced a bill calling for election within six months of a special constituent assembly to amend the constitution.

Under the present constitution, Peron will not be able to run in 1952 to succeed himself. Passage of the bill is certain. The Peronists have 104 deputies in the chamber of the 41 deputies of the radical party. In addition, the latter, although still attending session, have announced their resignation en masse.

There's something wonderful about house plans and blueprints. Almost everybody has a plan of the kind of house he'd like to build some day—and a lot of lucky folks have reached the blueprint and excavation stage.

Before it's too late, check the plan of your dream home for the things that make it a homemaker's dream to live in. Among the things she'll want are the conveniences that only a dependable, inexpensive water supply can make possible, such as laundry tubs, an extra bathroom (or at least a downstairs lavatory), and plenty of water outlets in convenient places to make housekeeping easier.

Court House

County To Tax Trailer Homes

State License Tag Does Not Exempt Trailers From Taxation, Where Used As Homes

OTHER EVENTS IN COURT HOUSE

Persons who occupy trailers as homes can expect to pay county taxes upon them in the future. The county commissioners have asked their solicitor, Attorney William McElwee, Jr., for an opinion in the case and he has ruled that trailers are liable for taxes, where they are used as homes.

The issue arose when a county assessor asked what to do in such a case. The assessor reported a family residing in a trailer in one of the townships. A kitchen had been added to the trailer and a well dug for water supply. The owner had argued that anything on wheels cannot be taxed.

Mr. McElwee rules the trailers are subject to taxation and all assessors will be notified to assess them. This will include single trailers or trailer camps, wherever found.

PLOT BOOKS RENEWED

After a rather unusual job of reconditioning, the 11 plot books in the Register and Recorder's office are in shape to stand another fifty years of hard use.

The plot books contain the plots of all subdivided lands in the county. These were in the shape of tracings on waxed linen. Some of the pages were double and folded to fit, others were single. Over the years, with the heavy use they got the plot books fell into bad repair.

In 1946 the Bar Association petitioned the court to appoint a committee to look into the possible repair of the books.

The court appointed former Judge Charles Matthews and E. Lawrence Hildebrand and Attorney Norman A. Martin. With Register and Recorder Orville Potter

they made several trips to other counties to inspect systems there.

The committee reported back that only single pages should be used and that the Eugene Dietzgen Company should be asked to solve the problem of renewing the pages. The company had never done a similar job but said it would do so.

The result is 11 new plot books, free of soil or stain, as good or better than the original plots. The job cost the county \$5,000 but it is an important piece of work. No similar work will have to be done upon the plot books for many years it is thought.

NEW ASSESSOR

Mrs. Charles Sherman of Slippery Rock township has been appointed assessor of that township to succeed her husband who has resigned due to ill health.

WEDDING AFTERMATH

Apparently the guests at a wedding in the south side Thursday night inhaled too much fiddle oil. City police and Sheriff Frank L. Coen were called to the Cherry Hill district late at night to look into some trouble.

They found Albert Casciato banged up and bleeding, the result he said, of an attack by four Croton men. Casciato was taken to the hospital and upon discharge from there will enter information against the men he alleged assaulted him. The entire crowd had been at the wedding celebration previously.

State Builds 13 Per Cent Of Road Mileage In 1948

Total More Than Twice As Much As Second Place State Of California; Texas Third

HARRISBURG.—Approximately 13 per cent of all new highway construction placed under contract in the nation during the first six months of 1948 was by the Pennsylvania Department of Highways. Figures recently released by the Federal Public Roads Administration show that the Pennsylvania department awarded contracts in the amount of \$71,339,000 out of a total of \$568,091,000 for the country as a whole.

Construction contracted for by Pennsylvania in six months was nearly twice as large as California which was in second place according to the federal tabulation. The California total was \$38,550,000. In third place was Texas with a total of \$30,342,000.

The Pennsylvania Department of Highways had led its sister states in the amount of new highway construction undertaken during 1946, 1947 and the first half of the current year. Projects scheduled for lettings later in the year and awards already made but not included in the six months' total are expected to show that Pennsylvania will close the current year far in front of the other states.

Pennsylvania's contract awards in the first half year cover 1208 miles. The total of all states is 21,741.

According to the federal figures, New York has awarded contracts calling for the expenditure of \$30,197,000 and 231 miles of highways in the six months' period. The neighboring state of New Jersey has made contract awards totaling \$12,202,000 covering 36 miles in the first half year. In Maryland contract awards cover 207 miles calling for the expenditure of \$14,692,000 in six months.

Health Talks

By DR. W. A. WOMER
City Health Superintendent

TROUBLE

Diphtheria and polio are the two diseases which give a lot of trouble. He has a hard time learning how to spell them.

Diphtheria is a bad actor. It causes heart trouble and paralysis. It is a killer too. Children should be protected from diphtheria.

Many children receive these diphtheria injections in school. It is better to have these injections in early childhood.

It seems pretty tough that children must have these shots when there is no diphtheria around. It is the only way to keep free of the disease.

It is remarkable that we have so few cases of contagious disease in these days of rapid travel. People go long distances in a short time. This makes a good chance to carry disease.

Health workers are on the alert all the time. Doctors are able to detect these diseases promptly. By constant study and investigation these diseases are gradually being brought under control.

Russians Not Easing Up

The Russians will be able to jam the radio beam channels used by the western powers during instrument flying this winter. This threat of accidents always is present.

The Russians have not eased up in their effort to force a western retreat despite the big four talks in Moscow. Their moves aimed at gaining an economic grip on all Berlin. They are getting in deeper, making it far harder for themselves to withdraw.

Many western officials expect the Soviet-engineering trouble in the corridor skies if the Russians can not gain their ends on the ground.

But at present it looks like the Russians are banking on winter weather to break down the air lift and that empty German stomachs and shivering bodies then will force out the allies.

Pastoral Vacation Periods Closing

Several Visiting Ministers Will Be Heard Sunday Morning In Local Churches

Sunday will bring the final visiting speakers to many pulpits of churches in the city as the annual vacation period of many pastors is concluded next week. Already many of the vacationing ministers have returned refreshed to their churches and will be heard Sunday morning during the regular hours of worship set aside by the churches.

Dr. D. L. Ferguson of the Highland U. P. church will again be heard in that church following a restful vacation as will Rev. George R. D. Braun, pastor of the Epworth Methodist church.

Supply pastors are filling the pulpits again of the First Methodist church and the Second U. P. church while the two pastors are abroad attending church meets. Dr. C. J. Whitlatch, of Florida, will be heard at First church while the U. P.'s will again hear Rev. Willard George.

James Palmer, ministerial student of Oil City will fill the pulpit of the Croton Methodist church Sunday morning speaking on "His Way—Our Way."

Lester McMillan, of Sandy Lake, will show pictures of Japan at the

Greenwood Methodist church at Emery.

Rev. Peter H. Moma will again occupy the pulpit of the Central Presbyterian church on the Public Square.

Rev. Robert Field has been announced as the visiting speaker for the First Congregational church, East Reynolds street.

Rev. F. E. Oerth, of Philadelphia, is announced as the Sunday morning speaker at the First Baptist church, North at East streets.

Youth For Christ To See Sound Film 'Beyond Our Own'

One of the most outstanding religious films ever produced, "Beyond Our Own," will be witnessed by Youth for Christ and its friends this evening at 8 o'clock in the First Baptist church, North at East streets.

The picture, produced by the Protestant Film Commission, is the first in a series that is being produced in conjunction with 19 major dominions throughout the country. The film is keyed to the mission study theme, "World-Wide Evangelism" and awakens individuals to their responsibility to Christian missions.

The picture will be preceded by a rousing song service led by Ray Jenkins, Jr., with Eddie Jenkins at the organ and Rose Bender at the piano. The Youth for Christ choir will be heard in a selection.

Rev. George Powell Will Speak In City

Rev. George Powell, missionary to French West Africa, will open a five-day series of meetings in the Alliance Gospel Tabernacle, 210 Pearson street, on Wednesday evening, August 18, and will continue through Sunday evening, August 22. On Saturday evening, August 21, he will be presented at the Youth for Christ service in the First Baptist church.

The African missionary, who has been detained in this country for several years due to failing health, has recovered and now is en route to Africa to resume his work there. Rev. Powell brings with him a series of motion pictures, slides and curios from Africa which he will be showing or displaying nightly.

The series is being sponsored by the Johnson-Powell Bible class of the church. The class has been named after the missionary and Rev. John Johnson, also of Africa.

Chicago Child Falls Three Floors, Lives

CHICAGO, Aug. 14.—(INS)—A telephone wire and a screen were credited today with saving the life of two-year-old Joyce Potter.

Joyce fell from the back porch of her third-floor West Side home last night. She first bounced off a telephone line on the second story level and then slid into a screen standing against the building.

At the Garfield Park hospital attendants said she suffered only minor cuts and bruises.

Her father, Ray Potter, 31, thought Friday, the 13th, may have had something to do with her narrow escape. Joyce was born on a Friday, the 13th—September 13, 1946.

The ounce is a cat-like carnivore like the leopard, but with lighter, longer fur and with a skull unusually broad. It frequents the mountains of central Asia.

Place More Butter And Eggs In Cold Storage In June

Increase Of Creamery Butter Stored
Almost Double Amount
Held Last Year

HARRISBURG. — Butter and eggs are moving into Pennsylvania cold storage houses in increasing amounts to form a backlog for the coming winter, the state Department of Agriculture announced today.

Storage stocks of creamery butter more than doubled between June 1 and July 1. Fluid cream advanced 59 per cent and American cheese 57 per cent, survey reports disclosed.

Butter holdings advanced more than a million pounds within the month, from 223,000 pounds on June 1 to 1,948,000 pounds. Cheese holdings went from 1,837,000 pounds to 3,656,000 pounds. Fluid cream advanced from 1,796,000 to 2,850,000 pounds.

Shell and frozen eggs made what are considered to be slight gains and dressed poultry in storage showed a decline. Shell eggs advanced from 198,000 cases of 30 dozen each to 228,000 cases on July 1. Frozen eggs in storage the first of this month totaled 7,140,000 pounds, an increase of 280,000 pounds.

One and two years ago the July 1 holdings of dressed poultry in Pennsylvania storage plants totaled in the neighborhood of six to eight million pounds. This year, due to heavy consumer demand for fresh poultry meat, storage stocks are slow in building up. In fact, the department said, there was a decrease in stocks from 3,788,000 pounds on June 1 to 3,660,000 pounds on July 1, a drop of 128,000 pounds.

HARRISBURG. — Many sportsmen and sportswomen will witness the most spectacular horse show in the state's history, October 18-23, says the state Department of Commerce Vacation and Recreation Bureau.

The event, sponsored by the Pennsylvania national horse show in cooperation with the Harrisburg Kiwanis club, will be presented in the State Farm Show arena.

In addition to the finest stables being represented in this event, this show will have the dramatic competition between international army jumping teams and daily "musical rides" by a platoon of Royal Northwest Mounted Police. Jumping teams from the armies of Italy, France, Ireland, Mexico, Canada and the United States have been invited to compete, and will appear at each afternoon and evening performance.

Governor James H. Duff has expressed keen interest in the rapid expansion and development of the show, which since the war has become one of the great shows of the United States and Canada.

BRINGING UP FATHER

BY GEORGE H. MANUS

Around Hollywood

BY EUTE BRIGHAM
(International News Service Staff Correspondent)

HOLLYWOOD, Aug. 14.—(INS)—Hollywood, for obvious reasons, knocks off a couple of years—at least—on all of its ages.

Regardless of one's age, the newcomers are told to chop off a few years. Even as young as five, they said Shirley Temple was three. Eventually, the truth came out—and she bridged those two years very nicely.

She Can Prove It
Howard Duff told me he was 34—but "I'm 32 for the studio." With Phyllis Thaxter, the truth would out. When she first entered the films she was told to give her age—at all interviews—as 21.

Right in the middle of her first interview, asked how old she was, Phyllis replied firmly: "I'm 24—and I can prove it."

BEATRICE HAS PLAN
Phyllis a gal after Beatrice Pearson's heart. Beatrice, leading lady to John Garfield in "The Numbers Racket," is 28—and can prove it.

But her age doesn't hinder the lovely and talented Beatrice, who is better known to New York stage audiences than to Hollywood.

She says:
"I have a long-range plan. I don't believe in overnight stardom, and I don't believe all roles call for such young love. I hope to be just right when I'm 35. By then I'll be ready for everything. I believe the greatest actresses are the more mature ones."
Beatrice, in a cashmere sweater and no makeup other than lipstick, is a refreshing sight after some of the Hollywood glamour gals whose makeup we can't seem to get past. And a prettier one, too.

Smart Gal
She's the only actress in Hollywood who has a contract that gives her rights no one else ever dreamed of asking. She insisted on that for her own protection.

THE LATEST TELEVISION DEVELOPMENT

The newest development in the field of television is illustrated above. It shows a 32-square inch screen on one of the new Admiral Television Optional radio sets.

The Dumont television station Pittsburgh expects to get under way this fall, perhaps September. If so, then persons with receivers here can hope to pick up a good many broadcasts handed out by the Pittsburgh station, according to a radio-television net.

The Admiral Television Optional Radio is being experimented with at the Hanes Furniture Company, opposite the Post Office.

Following two days of conferences on the campaign itinerary with his advisers, the Republican presidential nominee went over to tentative drafts of three major speeches. The subject matter of these was not involved.

Gambing House Employee Skim

SCHUYLKILL HAVEN, Pa., Aug. 14.—(INS)—State and local police joined today in the manhunt for the slayers of Harry Harold Rowe, Reading gambling house employee who they believe was murdered by a "friend".

The body of Rowe, 340-pound strong-arm bouncer, was found on the outskirts of Schuylkill Haven shortly after he had been slain. Blood was still streaming from a hole in his temple, and there were fresh tire marks on the ground.

Count Detective Lewis D. Buono expressed the opinion that Rowe was driven to the spot by "friends" and that he was "shot down before he realized that he was going to be shot."

Casus were made of the tire tracks in the belief that they may provide a clue to the death car and eventually lead to the killer.

Standard time zones were adopted in the U. S. in 1883.

Twenty-Seven New Teachers Elected To New Castle Schools

Schools To Open September 8; Elementary Teachers 24th Grade

New Castle public schools are scheduled to open on Wednesday, September 8. A staff of 27 new teachers have been elected to fill vacancies created by resignations. In addition to the teachers, one nurse and one dental hygienist were also elected to positions.

According to Dr. Frank L. Burton, superintendent of New Castle schools, secondary teachers are not so difficult to obtain as they were during war and post war years. Elementary teachers, however, are still scarce.

The reason for this, explained Dr. Burton, is that until last year secondary teachers were able to receive a higher wage, but under a new education law passed last year salaries have been made the same. Since this was only passed last year, about three or four years will be required until college students preparing for teaching will have changed to elementary studies, as many of them have wished to do.

New Teachers
New teachers elected into the New Castle school system this year are as follows:
North Street—Doris J. Cooper, Slippery Rock; Mrs. Ann B. Hartman, New Castle; Shirley J. Parks, Washington, D. C.; Highland—Margaret A. Pigman, Mt. Pleasant.

McGill—Roxanna Irwin, Franklin.

Oak Street—Betty Rose Hoyt, Clintonville.

Croton—Mrs. Morfydd Brown, New Castle.

Rose Avenue—Helen R. Leslie, Kittanning.

West Side—Mary Wilson, Dayton.

Mahoning—Mary Jane Patterson, New Castle; Edith E. Shira, New Castle; Thomas E. Cronney, Erie; Florence M. Rosser, Portersville; Mrs. Mary E. Johns, New Castle.

George Washington Junior High—Janice A. Lago, Bensenville; Marian J. Patton, Aliquippa.

Franklin Junior High—Victoria Gizzi, Mrs. Gula A. Hess, Grace M. Uber, Dorothy J. Naples, all of New Castle.

Senior High—Opal Stevenson, Grove City; Rita L. Metz, Mary L. Cleland, both of New Castle.

Unassigned—Orlando R. Lucidore, Mary Patricia Preston, Mary Eleanor Shoffert, Mrs. Dorothy C. Pitzer, all of New Castle.

Nurse—Mrs. Alice Brunswick, New Castle.

Dental hygienist—Mrs. Jane Lebnah.

HERE AND THERE IN SPORTS LAND

MANY game experts maintain that a law permitting the training of hunting dogs from dawn until after dark more than half the year is depleting Pennsylvania's supply of rabbits, according to a sports news item from Pittsburgh, which adds that, the rabbit means sport and food for 80 percent of the state's licensed hunters and 200,000 farmers who are exempt from license, and the hunters without dogs don't like to see the rabbits disappear. The story goes on to state that, 40 years ago rabbits were practically extinct in many parts of Pennsylvania. A lot of work, cost and registration was necessary before the state was repopulated with the animal. In 1931, the game commission reported more than 5,000,000 rabbits killed, then the dog training law was passed in 1933, despite strenuous opposition of the game commission, and the annual bag limit has declined ever since. In 1947, one million and a half rabbits were estimated to have been killed. Seven months and 10 days are permitted for the training of dogs, the period being from August 21 to March 31, while the hunters have only 24 days of open season, opponents of the dog training law point out. A year ago, a bill to extend the length of the dog training season was vetoed by Governor James H. Duff, who explained that, an increase in the time for training dogs, would almost surely result in the further decrease of an already seriously depleted supply of small game. Ross Leffler, president of the game commission, is also opposed to an extension of the dog training season. According to the sports item from Pittsburgh, the game commission reported a total of \$1,919,000 collected in licenses in 1947. If the proposed increase on the license fee goes up, the commission will more than triple that amount annually. The commission members, the story points out, want to see the license fee rise to at least \$5 each for hunting small and large game. From reports of hunters to Here & There, there has not been much game in Lawrence County for years, and no doubt many hunters would oppose any proposed increase in the fee. If game were plentiful serious objection probably would be lacking. The present hunting fee is \$2.00.

14TH OLYMPIAD WILL END TODAY

LONDON, Aug. 14.—(INS)—The 14th and in many respects the greatest Olympiad will sound its valedictory at sundown today with solemn rites.

A capacity of 82,000 persons is expected at Wembley stadium for the ceremony, much in the manner of 16 days ago, with this difference—that a gay, vivid, royalty-sponsored jubilee celebrating the formal premiere of the first post-war Olympics, whereas today's occasion is its requiem for at least the next four years.

Briefly, the first day's ritualistic pagantry will be repeated in reverse. For when the representatives of the competing nations march out of the stadium today, it will be for the last time. They will not return home.

Preceding this touch of poignancy at the final exit will be the last and most hazardous and exciting event of all—the prize des nations. This test of horsemanship reputedly is without parallel anywhere in the world.

The rest of the competitions wound up last night when the United States was shut out of all boxing titles but scored its expected triumph in basketball by defeating France, 65 to 21.

In the matter of records, titles and all around honors, it was America's greatest Olympiad in history. It also was the most successful of modern games with more than 900,000 paid admissions.

The bout originally was planned for Brooklyn's Ebbets Field on September 23, but the change was made because of a 20th Century Sporting Club promotion at Yankee Stadium on September 22.

In the latter, Ike Williams will defend his lightweight title against Jesse Flores.
